How Efficient is Your Air Conditioning System?

Our air conditioning Energy Saving Agreement provides a complete cleaning and inspection of your air conditioning system in addition to oiling and adjusting equipment when necessary. Regular maintenance of your HVAC unit will:

- Provide longer lasting equipment
- Reduce utility bills
- Reduce repairs
- Provide a more comfortable indoor environment
- Protect your investment

For more details on what our technicians perform during the seasonal energy saving tune-up, please visit our website at bobsredtrucks.com/energy-savings-agreement-plans/.

This agreement covers **inspection labor only**. Any extra service labor or any parts needed for replacement or repair will be billed to the customer. Agreement can be canceled if equipment is too old, if there is no access to the equipment or if access to the equipment becomes a safety issue.

Important Benefits:

- 24-hour emergency service (prioritized in the order the calls come in)
- Weekend emergency service available at regular rates for service agreement customers
- Priority scheduling
- 10% discount on any parts needed for repair during normal business hours
